POND PLACE ASSOCIATION

Additional School Bus Stop Begins **Monday January 4, 2021**

The Pond Place Association community has approved a safe school bus stop at **Gray Pine Common***. The new stop is located at the very end of the main road into our property directly across from the **street sign*** where the street meets the path toward the tennis court. Check out this area if you are unfamiliar with this location. Please note the current Darling Drive school bus stop will remain.

The bus company has requested the following:

- **Always arrive ten minutes early**
- **Do not ask the driver** to be picked up or dropped off at a home
- **No parking** will be allowed on the main roads on either side of the center island (also known as the greenway) leading to the site. Use the side street circles if you must.
- **Snow on the roads** leading to the site will be cleared for maximum safety
- **Pond Place Association Contact:** Mitch Uzwick, Vice President, for concerns and situations requiring immediate attention. 860-307-5090 or mitchuz@comcast.net

Thank you for your cooperation.

Sincerely,

Pond Place BOD
